

## "HOLD IT Part I: Beginners Fetch and Hold" with Kate Lloyd

7:00pm - 9:00pm Thursday 2<sup>nd</sup> January DR Park, Cromwell Rd Kilburn

***This is a Repeat of the Sold Out Workshop the Club held last Summer***

Have you always wanted to teach your dog to fetch, or take and hold an item in their mouth, carry it, give it to you, or put it in a certain place?

This versatile skill can be used in many settings including Obedience exercises, Tricks Tests, DWD routines, and just in everyday life!

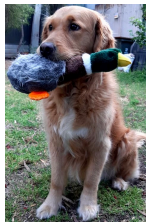

This **Part I** workshop will teach you force free, positive reinforcement training methods to get you started with the retrieve process, beginning with a basic 'Take and Hold an object'.

You'll get help with problem-solving or specific applications of the Hold It skill for your routine, Test, Trial or life situation.

## "HOLD IT Part II: Fetch It, Carry It, Pull It, Put It There" with Kate Lloyd

7:00pm - 9:00pm Thursday 30<sup>th</sup> January DR Park, Cromwell Rd Kilburn

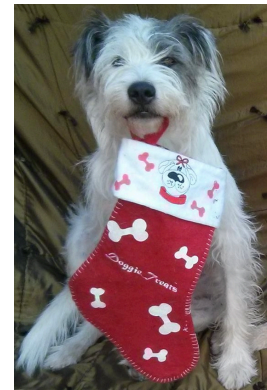

***This Part II Workshop is a follow up to the Part I Workshop held last Summer, and to the session scheduled for January 2<sup>nd</sup>.***

Has your dog mastered the basics of fetch and hold? Ready to add some complexity and real-life applications of this skill? This workshop will build on the fundamentals, to broaden your dog's repertoire and finesse those skills.

This versatile skill can be used in many settings including Obedience exercises, Tricks Tests, DWD routines, and just in everyday life! Teach your dog to:

- hold an item in their mouth while posing
- pick-up or take an object and put it in a container at distance
- carry their own leash, or your purse or bag
- roll themselves up in a blanket
- 'steal' something from your pocket
- tow a small wheeled object
- hold one end of a scarf as you hold the other end
- help you take off your jacket or socks
